

2" Faux Wood Cordless Blinds Warranty Guide

LIMITED WARRANTY & WARRANTY PERIOD

IBP branded companies (“we”) warrants to the original homeowner, that the window treatments we installed, are warranted to be from defects... for a period of one year after date of closing on your new home. Normal wear and tear is not covered. The warranty extends only to the original purchaser and does not cover damages due to improper maintenance, or use. Additionally, the warranty does not cover claims of defect as a result of fire, wind, hail, flood, lightning, other acts of God, intentional acts, negligence, exposure to harmful chemicals and pollutants, or damage caused by pets.

OPERATION AND CARE

Your 2” cordless faux wood blind is designed to provide window coverage via a “cordless pull” mechanism and light control via “tilt wand”. To tilt the slats of the blinds from an open position to closed, twist the wand to the left or right to open or close. To raise and lower the blinds, USE BOTH HANDS, equally spaced apart, to grasp the bottom rail of the blinds and slowly pull the blinds down to cover the window or raise the blinds up to uncover. Cordless blinds can be finicky due to the retracting mechanism, that raises and lowers the blinds. For this reason you may see that in raising the blinds the blinds could hang slightly “unlevel”. If you see this, you can “reset” the blinds by fully pulling the blind to its maximum lowered position (even outside of the window opening) then slowly raise the blind with both hands equally. This should get the blind to hang in an acceptable manner. For care of your blinds, wipe with a clean, damp cloth and mild soap solution. Do not use hot water, bleach, abrasives or solvents.

REPLACEMENT OR REPAIR

If our product fails to meet our limited warranty during the warranty period, we will, either repair or replace the defective product. You must contact the warranty department of your respective homebuilder, under the terms of their warranty, to obtain service. Any and all defective products may be collected by IBP branded companies at the time of repair or replacement, and become the property of IBP branded companies. Blinds needing replacement may be replaced at our discretion with a newer model if the original is no longer available. This does mean that you may have a replacement blind that no longer 100% matches the others in the home. Additional functional blinds will not be replaced to match.

WHAT OUR WARRANTY DOES NOT COVER

We offer NO WARRANTY for damage due to removal and/or reinstallation, transit, inadequate or improper care, neglect, abuse, abnormal use, misuse, accidents, normal weathering and wear and tear, damage due to environmental or nature elements, failure to follow our product instructions, unauthorized repairs or replacement parts, components or coatings applied to the product by anyone, alteration of the product, or motorized devices. We have no responsibility for any damage to the frame, glass or any other portion of a window in which the product is installed.
