

H2H Blinds Text Confirmations

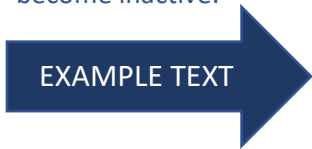

Tips and Instructions

Thank you for being a loyal H2H Blinds customer! In an effort to provide you with the best service possible, we are happy to offer an opportunity to take advantage of our automated date confirmations! This alert system will notify you via text as much as 2 business days in advance if you have an upcoming installation scheduled with us. You will have the opportunity to review the scheduled lot and date, then confirm using one of the available options detailed below.

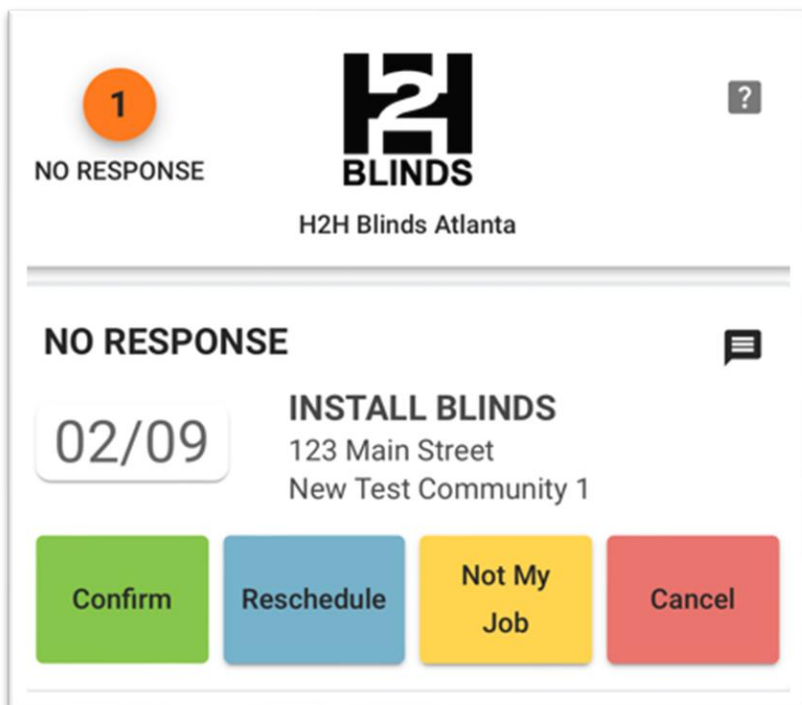

IMPORTANT NOTES:

- Text confirmations are sent from the same phone number each time: **445-447-3674**. We strongly recommend adding this phone number to your contacts to ensure no confirmations are mistaken for spam.
- All confirmations are sent 2 business days before the scheduled install.
- The texted link is available for 24 hours, and after this time period, it will become inactive.
